MALTHOUSE

Bar & Kitchen

PRIVATE HIRE

THANK YOU FOR CONSIDERING THE MALTHOUSE BAR & KITCHEN FOR YOUR EVENT

The Malthouse Bar & Kitchen is Stroud's first Malthouse-to-restaurant, and we are incredibly proud of the space. Our 19th Century building has been lovingly refurbished from an empty shell into a gorgeous and vibrant restaurant, with a large, well-stocked bar and beautiful open-plan seating area. We've kept some original features – including the honeycomb ceiling – whilst bringing the building firmly into the present-day with décor described lovingly as 'industrial-chic'.

The space is very versatile - tables and chairs can be rearranged or removed to suit any purpose. We can accommodate anything from sit-down meals for up to 40 people to a dance party for up to 100 guests.

FOOD

We know that food is often a very important part of an event – nobody wants hungry guests! We're all about tasty, comforting food prepared with fresh, local ingredients. All our food is made on site, from scratch by our team of brilliant chefs which means we can be flexible and creative with our menus. In this pack, you'll find example food options for your event but if you're after something specific – we are happy to discuss that too. Please see pages 4-7 for more information on our sample food options.

EXTERNAL CATERING

If you've already found your venue but really want delicious Malthouse food at your event, we might be able to help you out. We are expanding into outside catering so please contact us to discuss your event and find out what we can do for you.

NETWORKING/ CONFERENCE DAYS

Are you enquiring on behalf of work? Our facilities allow for many different events to be held here including networking/ conference days. The space is available to hire out any day of the week as well as evenings and weekends. If you skip ahead to the final page, you can find further information about how we are able to help you out with planning a work day away, including information on our food options and equipment available.

If it's live music you're after, then we know some local bands we can put you in contact with if you're unsure of where to start. If you've got someone in mind already, well we love to meet new musicians! The same goes for DJs, you're welcome to bring one or we can help organise one for you.

There is also a projector and screen available for use through Apple TV or our DVD and Blu Ray players. Oh, and we have free WiFi throughout the restaurant, you only have to log in to the system.

All pricing is tailored to suit your requirements and works on a bespoke basis. We are able to be flexible to accommodate particular budgets and make suggestions for food arrangements we think would suit your occasion.
